REFUGEE

Repression knows no borders
And terror travels free
And rape can leap all barriers
And torture cross-the sea
They meet no boundaries anywhere
Unlike the refugee...

Warfare needs no licence
The missiles fly at will
And sanctions get a sanction
For the thousands that they kill
And the law upholds the warlord
But condemns the refugee...

Exploitation's universal Multinationals global too The big investors span the world While famine and flood pursue From continent to continent The weary refugee...

They worked
At every job and every trade
When they were forced to flee
They had every kind of style of life
And human quality
And a country might be grateful
For the wealth it gains for free
In the wisdom and experience
In the courage and endurance
Of the person with the label
'Refugee'
