

(CROSS THE) DEEP DARK SEA (A, C)

Tune: "Deep Blue Sea, Baby" Pete Seeger.

Words: Cynthia Cockburn, Raised Voices

Deep dark sea, 'cross the deep dark sea
Risking all to be safe and free
Deep dark sea, 'cross the deep dark sea
In hope and fear, to make landing here,
Survive the deadly sea.

Tens of thousands in flight from war
Desperate folk who can take no more
Bring them safely to Europe's shore
From far or near they are welcome here,
They'll find an open door.

Deep dark sea, sisters, deep dark sea
Every one could be you or me
Deep dark sea, brothers, deep dark sea
Let's all unite to defend the right
Of every refugee.
